How It Works

Mark sold his property with the help of his agent, Danielle, for R1M. Danielle's commission is R50,000.

Mark applies for the maximum property seller bridging finance amount of R800,000 (being 80%). Danielle is also in need of a cash injection, and applies for her maximum real estate agent bridging finance amount of R42,500 (being 85%).

Both their applications get approved and they receive their money within 24 hours of submitting.

Upon registration, the conveyancing attorney repays the bridging finance statements directly, as well as the remaining balance to Mark and Danielle.
